Various records (mostly US passenger manifests from many years later) indicate that the family originated in Volkovysk. One of the members of the family that I was in touch with indicated that they came specifically from Mscibow. The four Silver brothers all emigrated to Canada in the 1880s and 1890s: Benjamin, Moses, and Nahim arrived c. 1885-1886, while Joseph followed around 1894-1895. They all originally settled in Ontario, but eventually made their way to Montreal shortly after 1900. All of the brothers (as well as all of their sons) were in the fur business. Benjamin was the first, with a fur business established in Kingston by the early 1890s. All of the families remained in Montreal except for that of Isaac/Moses, who emigrated with his family to the US in 1911/1912 and settled in Brooklyn. (In Canadian records this man always appears as Moses, but in US records he appears as Isaac or Isaac M.)
